WISSEM NOUIR

COMPUTER ENGINEER

wissemnouir1@gmail.com | linkedin.com/in/wissem-nouir

ABOUT ME

Computer engineer with hands-on experience in SOC monitoring and incident response. My IoT and embedded systems background gives me a practical understanding of connected infrastructure end-to-end, and I focus on building automated, resilient defenses that keep operations running securely at scale.

EXPERIENCE

Cybersecurity Intern 03/2026 – 06/2026
Norwegian University of Science and Technology (NTNU), Gjøvik, Norway

- Conducted a security assessment of the PHIS/OpenSILEX REST API following the OWASP Web Security Testing Guide; developed a React-based dashboard for real-time vulnerability tracking and status management.

Technical Manager 12/2024 – 05/2025
SecurinetsEPS Cybersecurity Club

- Organized workshops, Designed diverse CTF challenges and managed event logistics to ensure smooth competitions.

AI & Machine Learning Intern 07/2024 – 09/2024
Norwegian University of Science and Technology (NTNU), Gjøvik, Norway

- Built a movement detection pipeline on real-world barn surveillance footage using EfficientDet-D0; applied Barlow Twins self-supervised pre-training and benchmarked it against the baseline detector with COCO metrics.

IoT Engineering Intern 05/2023 – 09/2023
Norwegian University of Science and Technology (NTNU), Gjøvik, Norway

- Final-year Bachelor's internship — designed and tested a multi-sensor prototype benchmarking Wi-Fi, NB-IoT, and LoRaWAN for high-volume industrial/agricultural data transmission, evaluating throughput and reliability to determine the most viable protocol for large-scale connected sensor networks; graduated with exceptional honors.

EDUCATION

École Polytechnique Sousse, Tunisia 10/2023 – 06/2026
Engineering Degree in computer Science, Cyber Security Specialization (EUR-ACE Accredited)

Norwegian University of Science and Technology (NTNU), Gjøvik, Norway 05/2023 – 09/2023
Exchange Student, Department of Computer Science

Higher Institute of Applied Science and Technology (ISSAT), Sousse, Tunisia 09/2020 – 09/2023
Bachelor's in Computer Systems Engineering, Embedded Systems and IoT

CERTIFICATIONS

- **Cisco CyberOps Associate** – Cisco Networking Academy 12/2025
- **AWS Academy Cloud Operations** – Amazon Web Services 12/2025

TECHNICAL SKILLS

- **Security:** SIEM (Wazuh, Graylog), IDS/IPS (Suricata, Snort), SOAR (TheHive, Cortex, Shuffle, n8n), BurpSuite, Wireshark
- **Software & Dev:** Python, C++, JavaScript, MySQL, Arduino
- **Platforms:** Linux, Windows Server, AWS

LANGUAGES

- English (B2), French (B1), German (A1)
